EDUCATION

Master of Science in Statistics

CGPA: 3.95/4.00 (after two semesters)

University of North Florida

Aug 2025 - Present

Jacksonville, Florida

Bachelor of Science in Statistics

CGPA: 3.37/4.00 (WES: 3.48/ 4.00)

University of Dhaka

Jan 2019 -Dec 2023

Dhaka, Bangladesh

RESEARCH EXPERIENCE AND PROJECTS

Potential Thesis Topic: Clinical Risk Factors for Post-Operative Atrial Failure among Patients after Cardiac Surgery.

Undergraduate Research Project

Jan 2023 – Dec 2023

Title: Thermal Care of Newborns: Exploring Socio-economic and Demographic Factors in Bangladesh Based on BDHS 2017-18

- Utilized cross-sectional data from the 2017-18 Bangladesh Demographic and Health Survey (BDHS), based on a sample derived from enumeration areas listed in the 2011 Population and Housing Census of Bangladesh.
- Conducted Chi-Squared tests to determine the factors associated with Thermal Care of Newborns (TCN).
- Fitted binary logistic regression models to assess the factors that have a significant effect on TCN.
- The study identified factors such as antenatal care visits, violence against women, presence of a skilled birth attendant, division (birthplace), and birthweight of the child as having significant effects on thermal care of newborns (TCN).

Drive Link: [Project](#)

Graduate Projects

- Conducted regression inference on real data with rigorous diagnostic analysis, assessing nonlinearity, heteroscedasticity, normality, and model adequacy through residual diagnostics and transformation-based model selection.
- Performed Monte Carlo simulation studies to examine finite-sample and asymptotic properties of estimators, including consistency, standard error accuracy, and confidence-interval coverage, and validated Newton-based maximum likelihood estimators R's `glm()` function.

STANDARDIZED TESTS

International English Language Testing System (IELTS) | Overall Band Score: 7 | Listening: 7.5; Reading: 7.0;

Writing: 6.5; Speaking: 6.0

Graduate Record Examination (GRE) | Overall: 306; AWA: 3.5 Quant: 163 (63rd percentile); Verbal: 143 (16th percentile) Analytical Writing: 3.5 (41st percentile)

TEACHING EXPERIENCE

Graduate Teaching Assistant
Department of Mathematics and Statistics, University of North Florida

Aug 2025 – Present

- Assisted undergraduate students with statistics coursework, assignments, and problem-solving.
- Graded assignments, quizzes, and exams for undergraduate statistics courses.
- Supported instructional activities through recitation sessions and academic assistance.
- Provided academic support to students during office hours/recitation sessions.

Private Tutor

- Taught mathematics, physics, and chemistry to high school students, focusing on problem-solving and conceptual understanding.
- Provided personalized instruction to an undergraduate statistics student, covering core topics and improving analytical skills.

CLASS PRESENTATION

Course: Research Methodology

- Presented on *Data Entry, Data Management, and Steps in Data Management*. Covered key concepts of data entry processes, effective data management techniques, and systematic steps for organizing, cleaning, and analyzing data to ensure accuracy and reliability in research.

TECHNICAL SKILLS

- **Programming:** R/RStudio, MATLAB
- **Statistical & Data Analysis Software:** SPSS, SAS, STATA, Microsoft Excel
- **R Packages & Applications:** ggplot2, survival, qcc, tseries; survival analysis, time series modeling, industrial statistics
- **Document Preparation:** LaTeX, Quarto, Microsoft Word

AWARD AND EXTRA-CURRICULAR ACTIVITIES

- **Jashore Board Talent Pool Scholarship:** Recognized for excellence in PEC (2010), JSC (2013), and SSC (2016) examinations.
- **Joint Secretary:** Statistical Association “Correlation” at Dr. Muhammad Shahidullah Hall, DU.
- **Captain, school and university cricket team:** Enhanced leadership and developed strategies.
